

To Whom it may concern

**Letter of support for DIS and C40**

I chaired the Second European Climate Change Adaptation conference (ECCA2015) ([www.ECCA2015.eu](http://www.ECCA2015.eu)) on behalf of the European Commission back in 2015. DIS was our PCO in the process both leading up to, during and after the conference. The conference took place in Copenhagen (Bella Center) with 800+ participants from 46 countries. We had DI; The European Environment Agency; and Københavns Kommune (by Lykke Leonardsen) as co-organizers.

DIS provided excellent support to me and the conference in setting it up and ensuring a smooth execution of the event. I can give my warmest support to DIS in handling climate related events like ECCA2015, and I am sure they will provide as great support for the C40 conference.

Kind regards,

Hans Sanderson
